**SUBMISSION OF REDLINED SPECIFICATION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The present continuation application was originally filed on the above-identified filing date using a substitute specification. This was done to assure that the patent publication would accurately reflect the various changes that have been made to the parent specification and claims (See Official Gazette No. 41, October 9, 2001).

In compliance with MPEP § 608.01 (q) and 37 CFR § 1.125, Applicant submits herewith a redlined version of the substitute specification showing the matter being added to, and the matter being deleted from, the parent specification from which the present continuation application claims priority. Applicant asserts that the substitute specification includes no new matter

Respectfully submitted,

LESTER F. LUDWIG
